

Testamently.

Migration checklist → v4

Ticket-per-screen rollout of the v4 UX + “you hold half” direction. Data mappings + acceptance in each card. ★ = biggest win.

0 — FOUNDATIONS

☐ T0.1 Design tokens & type

Goal: Shared theme matching v4

Do: vars, DM Serif + Inter, hairlines

Data: —

☐ T0.2 Appearance switcher (opt.)

Goal: Light/dark + accent preference

Do: port v4 switcher; default Forest/light

Data: persist on profile/cookie

☐ T0.3 Copy & positioning

Goal: Adopt the “you hold half” story

Do: codes/locations framing; legal/will notice

Data: —

☐ T0.4 Language / i18n

Goal: Language = a setting, not a flow choice

Do: remove switcher from auth; Settings>Language

Data: locale on profile+cookie

☐ T0.5 Types + fields

Goal: New types + per-record fields

Do: Phone/Crypto/Safe/Keys/Doc/Letter/Photo

Data: additive: hint, folder, release_rule

1 — CORE FLOW

☐ T1.1 Records home ★

Goal: Vault explains itself

Do: status summary, nudge, plain pills, visible actions

Data: Will reach N=accepted; No trustee=unassigned

☐ T1.2 Add a record (2-step)

Goal: Effortless create

Do: Step1 record / Step2 who-receives

Data: new person = pending invite

☐ T1.3 Edit a record

Goal: One place for everything

Do: hint/folder/encryption/release/trustees/delete

Data: per-record overrides

☐ T1.4 Onboarding / Welcome

Goal: Teach model then add

Do: two-halves + example bank > CTA

Data: first-run (0 records)

2 — TRUSTEES & LIFECYCLE

☐ T2.1 Trustees

Goal: Coverage + gaps

Do: “will receive N”; Active vs Invited; nudge

Data: Active=accepted; Invited=pending

☐ T2.2 Check-in

Goal: Reassuring + concrete

Do: “what if I stop?” w/ exact release date

Data: date=last check-in+window

☐ T2.3 Trustee view

Goal: Plain-language release

Do: reveal each record; owner hints

Data: assigned only, after release

3 — SURFACES

☐ T3.1 Settings

Goal: Defaults + lifecycle

Do: default encryption; release/activation; appearance; language

Data: account-level defaults

☐ T3.2 Landing

Goal: Sell the direction

Do: hero, two-halves, what-people-leave, legal

Data: —

☐ **T3.3 Investor (opt.)**

Goal: Refresh /investor

Do: port v4 investor; real figures

Data: keep password gate

4 — POLISH & QA

☐ **T4 Polish & QA**

Goal: Ship-ready

Do: demo run-through; mobile; empty/error; a11y; remove old copy

Data: light + dark
